

Transformed business Microsoft Office 365 for Business

Designed for small and medium sized businesses, Microsoft Office 365 Business Plans provides applications and services that SMBs need to enable higher productivity and collaboration.

The plans are subscription based, eliminating the need for a costly once-off investment whilst ensuring you always have the latest version. Select the plan that works best for your needs, pay for what you use and always have the latest version without the need for expensive updates. In most cases, you also have the added benefit of receiving a professional business email, 1TB online document storage per user and online collaboration services.

Types of Plans

• Microsoft Office 365 Business

- Fully installed office applications across devices plus online file storage and sharing
- Take your office anywhere, with familiar tools like Word, Excel, PowerPoint and Outlook, you can be productive irrespective of location
- File storage and sharing with OneDrive for Business, giving each user 1TB of personal cloud storage that easily syncs with a user's PC or Mac for offline access

• Microsoft Office 365 Business Essentials

- A cloud based solution for businesses who need to control expenses but require professional business email and collaboration applications
- Web versions of Outlook, Word, Excel and PowerPoint allows your employees to work from anywhere, easily collaborate and share important documents through OneDrive
- Collaboration is simplified with applications that are ideal to connect with clients and encourage greater team work amongst employees, with SharePoint, Skype for Business, Microsoft Teams and Yammer

• Microsoft Office 365 Business Premium

- Business Premium combines Business and Business Essentials into the perfect solution
- Comprehensive collaboration with a unified experience and synchronised email and calendar
- Stay connected no matter what happens, your important documents, files and mail will always be available in the cloud, guaranteeing business continuity
